

NEW NATION
MINISTRIES

2023

PROJECT OVERVIEW

RE-WRITE YOUR STORY!

WHY **NEW NATION?**

Lebanon is now considered the second saddest Country in the world, next to Afghanistan
It's difficult to imagine the pain and suffering that the people of Lebanon must be going through

People are facing one of the most harrowing economic crises in their history. Meeting the daily necessities of life has become an impossible task
The Gospel spreads widely during times of great difficulties and poverty. It is a time when people need hope and strength more than ever. There is something that could bring light to the darkness, and that is the power of God's grace

.....

To share the message of the Gospel to everyone in every moment through creative methods & analyzing our available resources, we have developed a comprehensive strategy for 2023 by setting up achievable objectives

01

OIKOS MAZAR

It's like a mini vending machine called Mazar, which contains Gospel literature that anyone can pull, read, and connect

Installed on street walls in crowded places where pedestrians pass & pick a tiny piece of paper with the announcement of salvation that can have a considerable impact

More than 60 boxes are now installed

02 OIKOS TAXI

Due to high transportation fees, it's hard to get a ride. Offering free taxi rides to random people around town would be a great way to give back to the community and spread kindness & the gospel.

This program allowed us to penetrate and serve areas with Islamic culture where it is not permitted to share the Gospel publicly.

More than 20 random people took the free ride daily and heard the message.

03 WORD DELIVERY

Once, We promoted a free bible for kids and audio for the elderly, and we discovered how thirsty our nation is for such materials announced in this online program

People contacted us for orders, and a designated person would deliver the request and get connected

We have delivered more than 6000 orders across Lebanon

04 NINE ONE ONE 911

Providing Lebanese families with food, daily needs, scholarships, and other necessities, we help these needy families on a tangible level and allow the team to build bridges with new people

It's a small step, but it can make a big difference in the lives of those who need it the most

05

SPORTS MINISTRY

Investing in our children's and youth's faith is one of the most valuable thing, Our curriculum includes basketball training and basic Bible studies.

We will walk the formation journey with 100 kids, providing them with 16 basketball sessions and 8 Bible studies every two months.

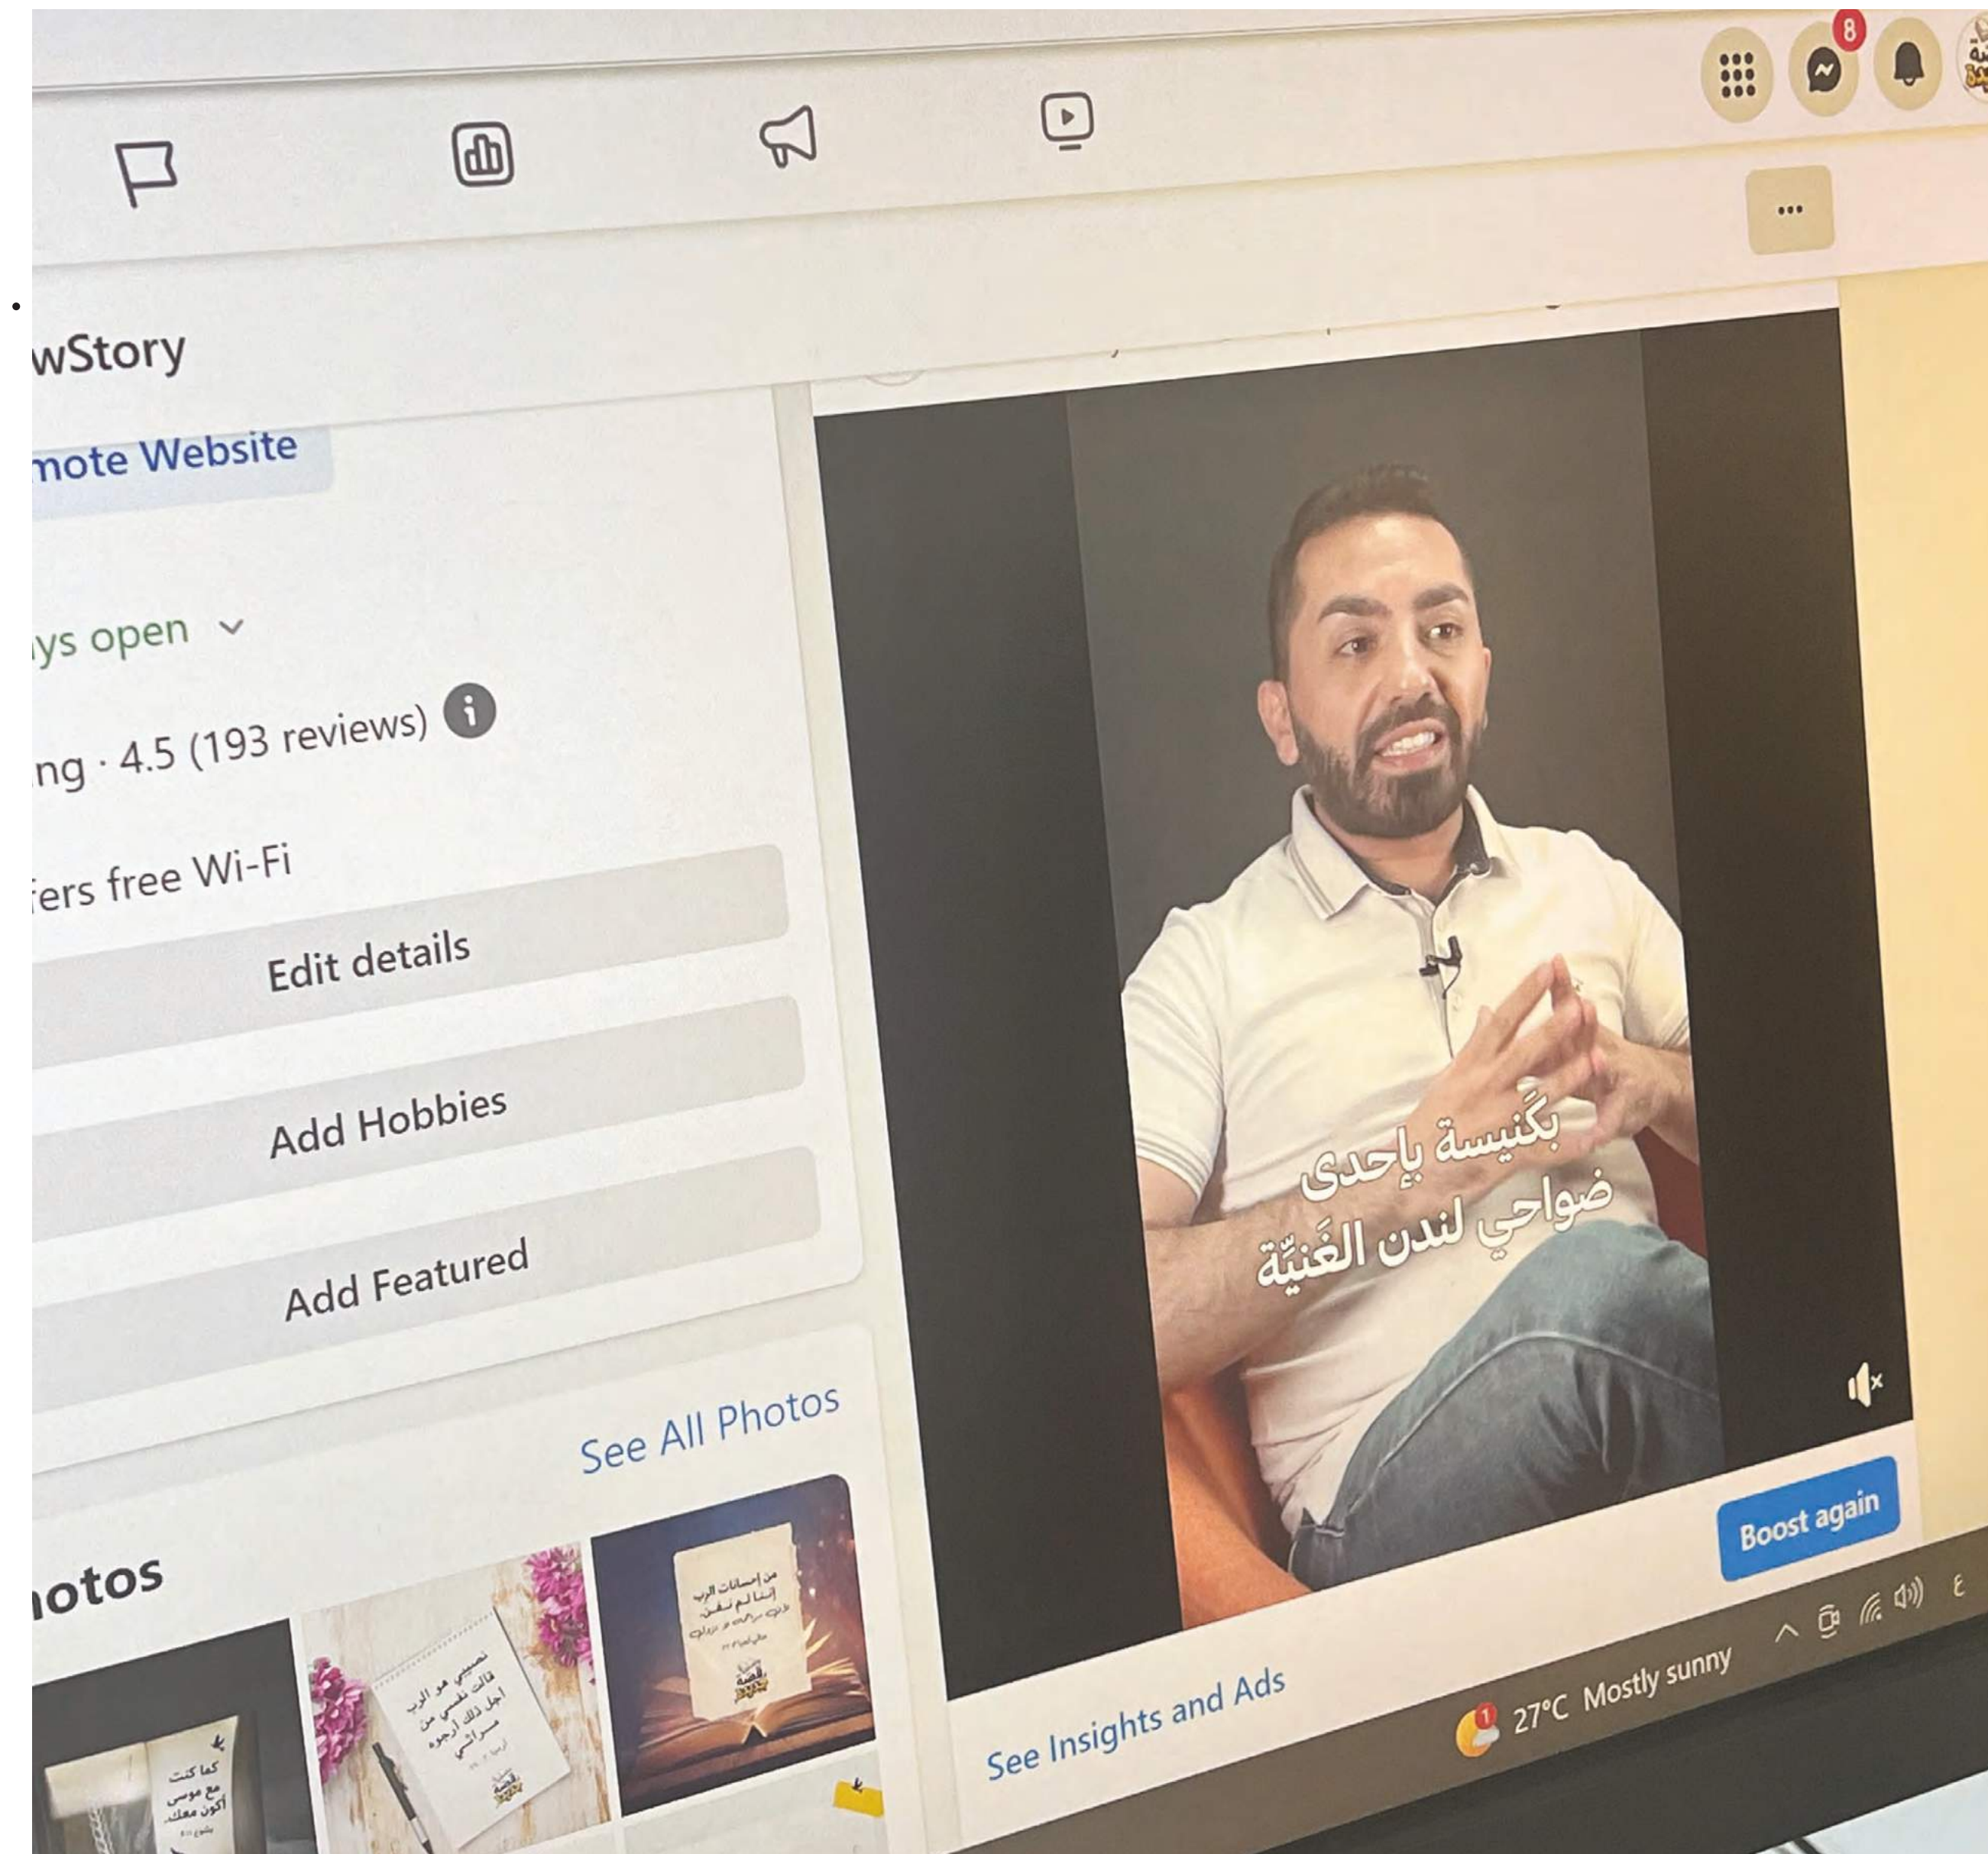

06 OIKOS OUTREACH

The purpose of the Oikos Outreach is to share the Gospel with everyone we meet; Street Evangelism, the Beirut Marathon, Village Festivals, and Tourist sites are great places to connect with others.

07 ONLINE MINISTRY

We run several social media pages, Ask Me About Christ, New Story & Dystopia, all of which have a significant following that will simulate the society around us. We are .on Facebook, TikTok, Instagram and YouTube
We post Bible verses, sermon jams, motion graphics, .short movies, animation videos, and podcasts
Our response team is always ready to help anyone who wants to learn more about Christ, whether they have .specific questions or want to explore the Christian faith
We reached up to 1 million views & thousands of .interactions and direct messages

08 MASHROU' NAFSI

Connecting with people heart-to-heart through psychological therapy and letting them know they are not alone in their struggles

We've already received countless heartwarming stories from people whose lives have been transformed after encountering our Therapists, In this program, we saved many marriages, resolved several family conflicts and people from committing suicide, and witnessed depressed people passing from pain to peace.

09 HEALING HANDS

not everyone can afford to visit a doctor due to the high fees associated with healthcare services. At our clinic, doctors can check up to 60 people monthly to check their health and provide medication if necessary

Sharing the love of the Healer reflects our beliefs

10 MEDIA PRODUCTION

Media has become an ever-present force in our lives, and it's our goal to utilize it.

Our dedicated content creation team is constantly searching to speak the language of our culture and the Arab culture. The Media team transforms the content in a

visually stunning and creative manner, which helps our message spread virally to our devoted audience. Our strategy is to create mass awareness about the biblical message.

11 PUBLICATIONS

We produced more than 300,000 booklets, literature, and books centered around God's Word have been distributed.

Every year, 500+ departments select five books to publish because our aim is to equip the churches with valuable resources that can impact believers and strengthen their faith.

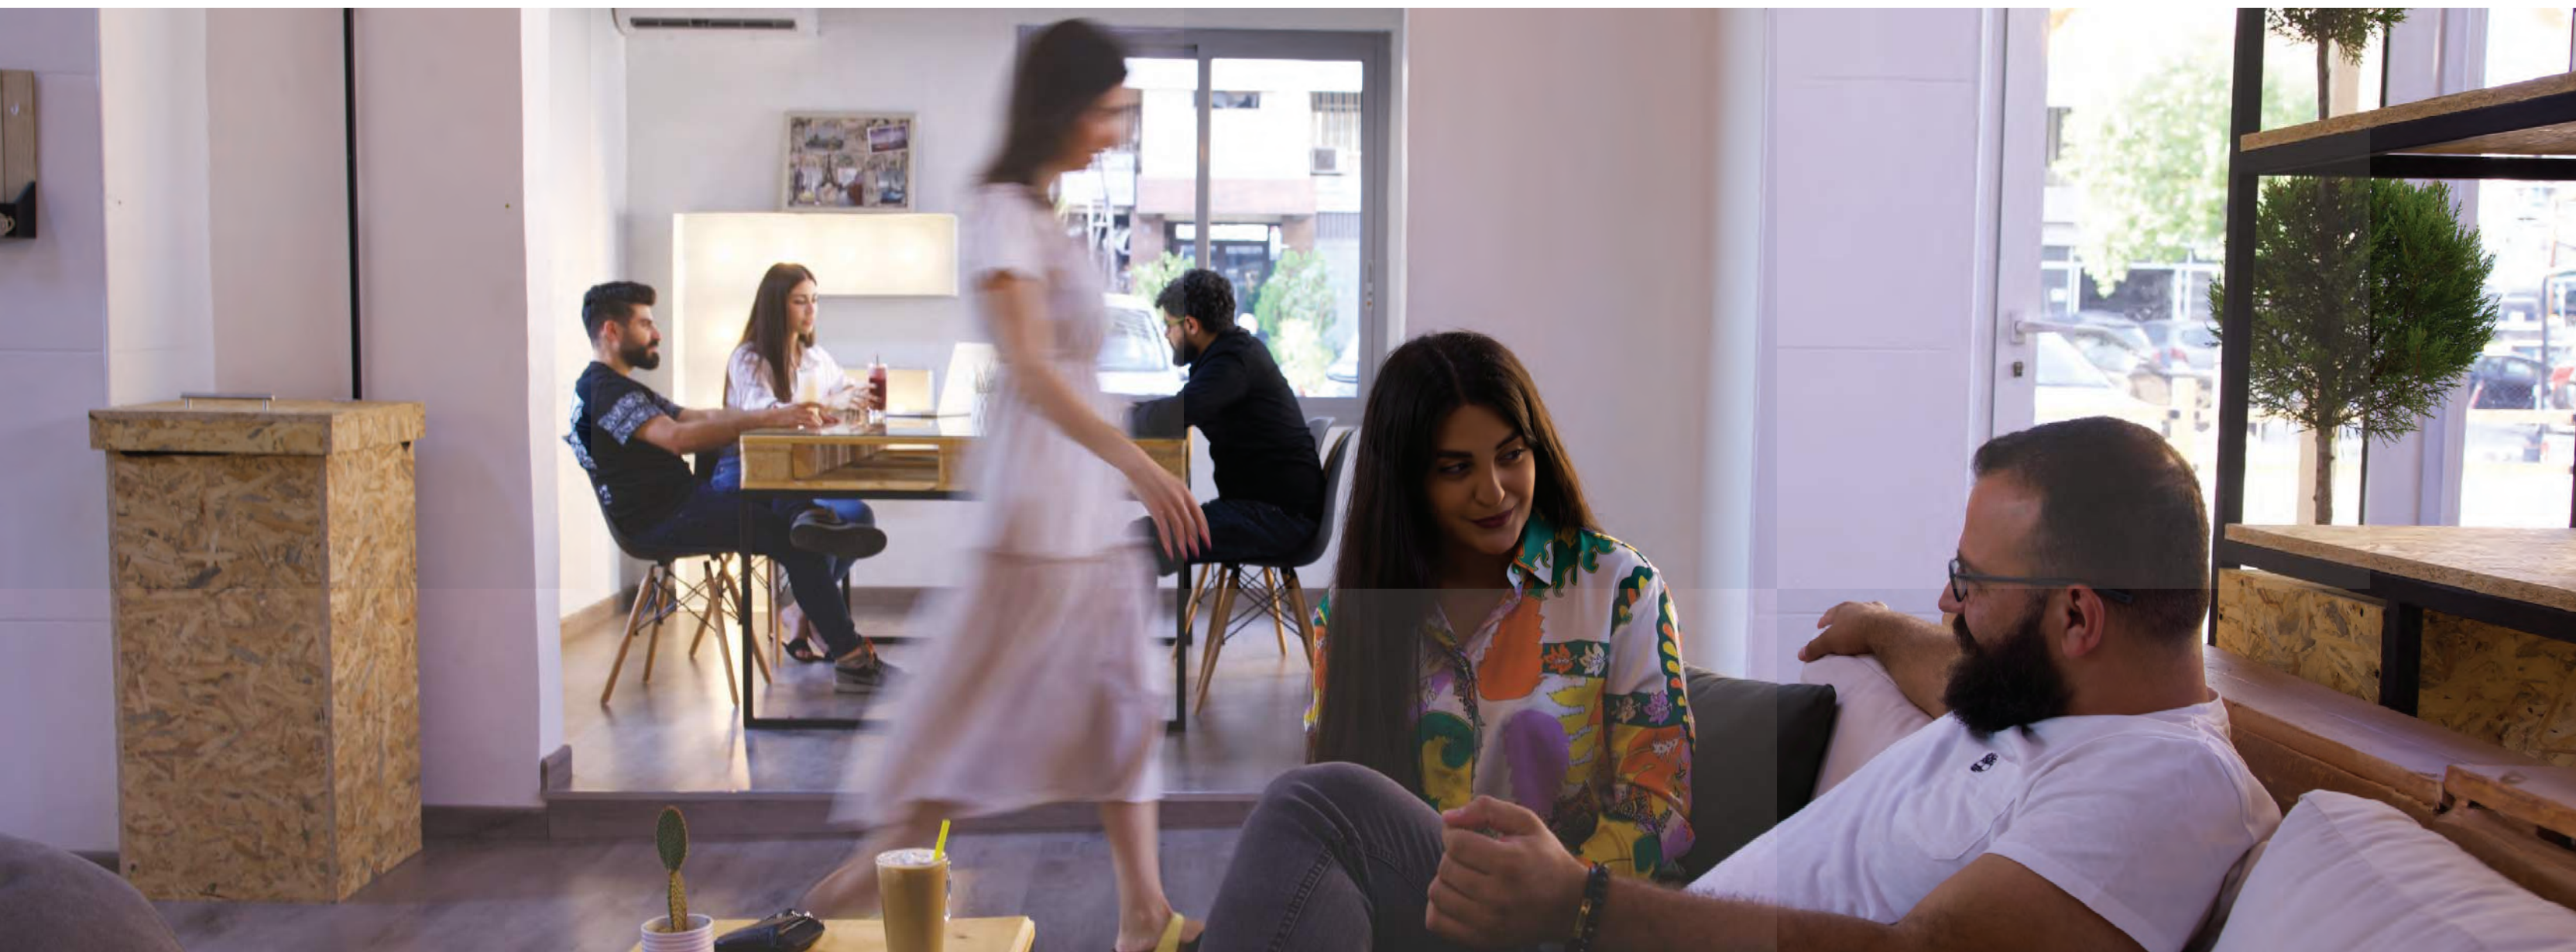

12

OIKOS COFFEE LOUNGE

Looking for a great place to enjoy a delicious cup of coffee and explore a unique Christian library? Look no further than our newly opened location in Beirut! We're incredibly excited about connecting with young people in the area, and one of the ways we plan to do that is by hosting discussion groups. These groups will allow them to share their ideas and thoughts with like-minded peers while learning from a Christian leader. It's a fantastic opportunity for youth to connect with one another and discuss topics that really matter to them.

Every cup of coffee we serve is infused with the love of Christ.

13 BRIDGE MEETING

We would like to extend an invitation to our weekly bridge meeting, where we bring together the people we have served through our projects.

This is an excellent opportunity to bond, strengthen our relationships, and preach to them.

As a result, they became part of God's family and part of the New Nation community.

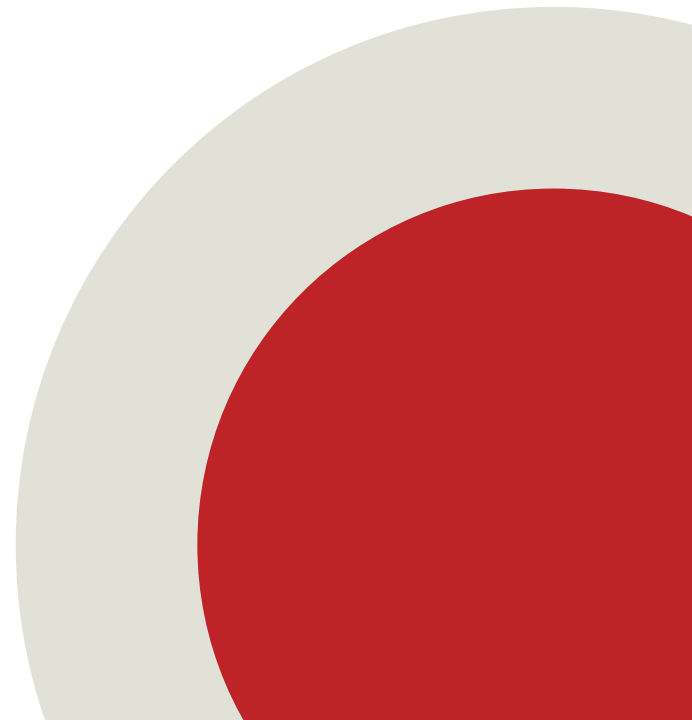

14 DISCIPLESHIP CLASSES

Many individuals desire to learn how to share their faith and grow spiritually. They are passionate about developing a closer relationship with Jesus and building Christian friendships. That's why we have created a discipleship program focusing on seeking the biblical truth. We offer two comprehensive programs to help individuals deepen their understanding of God. The first program is a two-month course for beginners starting their faith journey. The second program is a one-year course designed to equip believers to become leaders and ministers in their communities, sharing the truth with others.

15 OIKOS EVENTS

These events are designed to bring people to our community so they can hear us sing praises and see how we uniquely worship the Lord. We have several recurring events yearly, such as the New Nation Summer Festival, Christmas Village, and Farmers' Support.

OUR **CHALLENGES**

Living in a country like Lebanon is no easy feat, as we face countless challenges daily. However, we remain steadfast in our belief that where God guides He provides.

Despite our daunting challenges, we remain wholly committed to our mission and will continue to rely on God's guidance and provision

We want to see people rewriting their stories again

New Nation is designed to create spaces for people to get connected to Christ
